Adventure Camps

Activites

Here is the comprehensive list of all the activities we have to offer and their price points. Groups will work with the Program Specialist to schedule activity blocks. These blocks usually last an hour and a half. Note that activities are not open all the time and must be scheduled prior to arrival, as many require lengthy inspection prior to use. Additionally, each activity will require extra time for sanitation and that is reflected in the throughput times below.

The Program Specialist can work with you to determine the best fit for the size and dynamic of your group. Activities have a varying number of participants they are able to engage. We can work with your group to open multiple activities at once so that it will fit the capacity of your group if needed. Some activities are subject to change depending on availability and season.

Activity	per/person	Throughput
Archery Tag	\$12	40 ppl an hour
Arbor Climb	\$12	50 ppl an hour
Blacklight Dodgeball	\$3	about 60 people
Crate Stacking	\$12	30 ppl an hour
